

Barrington Area Library Quilt Project

The Village of Barrington Hills furthers its intergovernmental cooperation with the Barrington Area Library by participating in the One Book One Barrington Program. <http://www.barringtonarealibrary.org/about/>

The emphasis of the program is to gather and share the history surrounding the Barrington Area. A QR Code for Barrington Hills was created (below), linking VBH history to your smart phone.

Additionally, a quilt square was designed (inset) to direct you to the Village's informative website via your smart phone.
